

SERVING JOHNSTON SINCE 1944

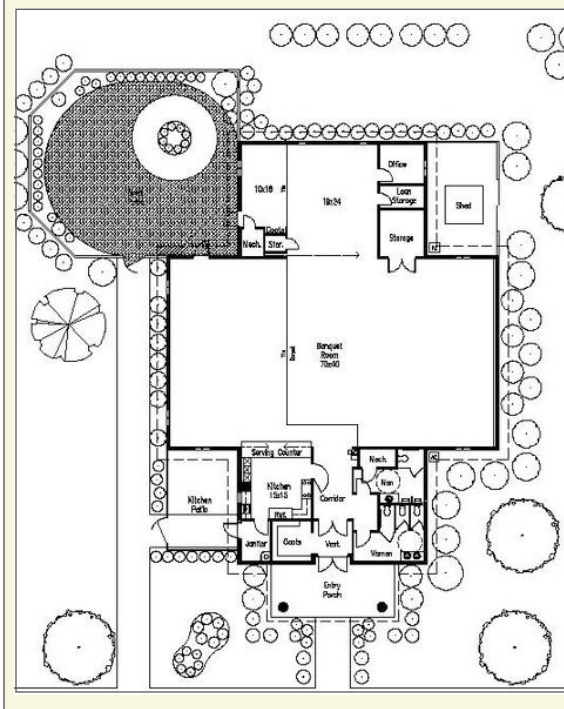

The Johnston Lions Club is the longest functioning service organization in the community.

In 1989, the Lions Club built a community building as their clubhouse and also to be made available for rental for weddings, parties and meetings.

Recently, many improvements have been made to the building including a large fenced brick patio for outdoor entertaining.

The proceeds from the rentals are returned to the community to support Johnston schools, the Johnston Public Library, and the city.

The Johnston Lions Club also supports projects relating to vision and eyesight and also has a much-needed medical loan closet.
